Join the I am SIOP project on
seenit

SIOP’s new crowd-sourced video application

Here’s how to get started:

🌟 Download Seenit Capture for iPhone or Android.

🌟 Click OK to allow notifications and pop ups.

With Seenit, you’re invited to collaborate with the world’s biggest brands and make your voice heard.

Our mission is to get more people telling stories together, it’s the most powerful way to inspire action. This isn’t Snapchat, YT, or Instagram. This is about everyone having a unique perspective. This is about being a part of a bigger story. At Seenit, we want to empower story telling in a BIG way.

4. Buttons along the screen bottom:
A. The camera  
B. Project selector screen  
C. footage uploaded by other SIOPers  
D. Your footage  
E. Messages to you from the project team

5. To start contributing to the project, click “go to project” from the above screen.

6. Choose a shot and start filming!
Once you click the camera, you have the option to upload images from your phone or record new clips.

You’ll see a list of “shots,” descriptions of clips we’re looking for. This list will change and grow over the life of the project!
