	Data Solutions International	14	SHL
7	Society for People Analytics (SPA)	15	
8	Assessments International		

Overview

The Vendor Experience tables are outside of the Ellington Ballroom (where the LEC educational program will be held) in an area called the Prefunction area. There will be up to ten (10) vendor experience tables in the Ellington Prefunction area.

On the layout above the Ellington Ballroom is behind tables 3-4-5-6-7. Attendees will have access to the tables during breaks, before and after breakfast (Friday only) and lunch (Thursday and Friday), and during the Thursday evening reception. The choice of table location is based upon total spending, so the named partners will choose first.

The tables are six feet in length x 30 inches wide and draped. They come with two chairs. Electrical can be ordered by the vendor separately from the hotel, but there are plugs along the wall to charge a phone or laptop.
